SCOTLAND IS PURE MAGIC !

A land of deep lochs and rolling rocky hills, tales of clans and kilts, wind and clouds, ghosts and spirits, lonely, vast, untouched marshy heights. To travel through Scotland is to travel through a magical land, full of history and legends, peat and moorland, blood and tears, pride and courage.....

Here everyday reality is intimately interwoven with fantasy, here the opulent country houses and castles, and even the ruined once very imposing fortresses, testify to the wealth and pride of the Scottish nation. Here the "Scotch whisky" is born.....

Driving through Scotland is like driving through a gigantic three-dimensional widescreen film that unfolds endlessly around you.....

Here we are guests of ***"Land Rover Experience Scotland"*** *for 2 days. A team of experienced instructors will guide our Land Rover convoy safely through exclusive 4x4 tracks on various "Private Estate" (= private estate) deep into the Scottish Highlands ..... Excitement everywhere .....*
